Thanks for applying to the Amazon Associates Program!

Your profile has been set up and we're excited for you to get started.

Important things to remember:

- **For your account to remain active, you need to drive at least 3 qualifying purchases in the next 180 days.** Your site will be reviewed once this is complete or after 180 days. Learn more about what is and isn't a qualifying purchase in our [Commission Income Statement Policy](#).
- **Associates need to comply with the [Operating Agreement](#) and [Program Policies](#).** If your site doesn't meet our guidelines, a member of our team will reach out to provide additional help and resources. Check out our [Operating Agreement Dos and Don'ts](#) article featuring FAQs about the program.

[Review Onboarding Guide](#)

Here's how to get started.

1. **Complete your setup.** Log in to [Associates Central](#) with the e-mail address you used to join the program, and then make sure your payment and tax information are completely filled out in your [account settings](#). This must be completed to receive payment, so don't skip it.
2. **View your [Onboarding Guide](#) for an overview of the program.**
3. **Start recommending Amazon products and services using affiliate links** (known as 'special links' in the Operating Agreement) on your site. Read our [Affiliate Links](#) article to learn how to quickly and easily create affiliate links and earn commission for eligible purchases. See your rates [here](#).
